

One day on May 11 2001 I had just gotten home from a day's work. I had picked up my girl friend & we were going to watch a movie & go to sleep. Before we started watching the movie I looked at the clock & it ~~said~~ said around 20 mins to 10:00 pm. So I decided to get ~~the~~ cleaned up before the movie. I started the bath-water & jumped in the tub. Not even ten ~~mins~~ min. later the phone ~~rang~~ rang, my dad picked up the phone. He said Justin phone. I asked who it was. He said it was Fred. I told my dad to tell him to call later & my dad said no Fred said it was very important to talk to him. My dad gave me the phone & I said Hello. His voice was trembling & he said do you love me man if you do you will come Help me there is like 30 people after me. I said of course man who & where are you. Freddy said I'm in waterville at the store off the High way can you come.

And before He could get another word out I said that I'm coming & hung up the phone & was out of my house & in the truck & over to the store in waterville in like 11min IT is like a 30 min drive otherwise. I got to the store & the guy's were all ready there I got out of the car trying to figure out what was going on I talked to boyant & did not find anything out & by then Freddy was in Samiwolf's car saying come on guys follow me. Got back in the truck & drive like 5-6 block down the road. Freddy pulls up to the building & there was a party going on in the house Next door we all pull in the drive way get out & some girls start yelling at all of us some ~~said~~ said just leave & the other half were trying to pick a fight. Like 30 sec later the guys out side come up to us & talk shit & I look up

The house is there & there  
is like 100 people mostly guys  
~~coming~~ coming out of the house. The first  
one had a 2' maglight & was going  
to hit bryant with it. but bryant  
said pussy got to fight with weapons.  
& the kid ~~had~~ dropped the light.  
& swung at bryant & he ran the  
kid then came after me I was  
standing in the middle of things. Then  
the next thing I know the kid  
is hitting me I took it he hit me  
some more & I could not take it  
I thought he broke my jaw so I  
hit him & he fell down holding  
his nose & crying blood down his fingers.  
I got scared so I ran behind a  
car. By then the fight was huge.  
all I heard is bryant say get  
the girls out of here justin now.  
so I ran to my truck got in.  
The truck was running & people coming  
through the windows at me. Bryant got  
Sarah & Sandy in the truck shut  
the door & instantly all I heard was a  
loud crash someone kicked the door in.

That's when I Thought I was going to d.c. They were trying to open my door throug the windo swinging beer bottles & other in at me. so I put the truck in gear & honked horn forever & drove toward through the crowd. got down road with the girls got out looked at my truck I was soaced with liquid. I waited for like 4 min & some people came back & said I ran over fred. I said No I couldn't off. The people yelled & screamed so I went back I seen my Best Friend laying on the ground & got out of the car & wanted to go hold my friend but people yelling theres that fucker, that ran him over & the cop's came & got me & put me in a car after it was over Fred was in the ambulance & gone all people gone & my parent & me got me & went to sarah's house got on the phone called his coosen & she said that fred did not make you killed him. / I fell to the ground

I started bawling. My ~~mom~~  
brought me to the Hospital & they  
gave me some medicine to calm me  
down. ~~I don't know what happened~~  
Freddo I miss you so much.
